* indicates that additional information is required to submit

☐ **Seller Agreement:** ☐ I have read the Seller Agreement for this consignment sale, and by checking this box I am providing my electronic signature that I agree to the terms of this sale.

2. Item Preparation

Below are some supplies we suggest to help you prepare your items for the sale.

- Hangers (wire preferred)
- Safety Pins
- Clear packing tape
- Baggies
- Card Stock (60- 67 lb)

Optional Magic Eraser, Lint Brush, Cling wrap for puzzles, lint brush, tagging gun, zip ties, blue painters tape for books

How to Prepare your Clothing for the Sale

Be sure to check for stains, rips, missing buttons, or very worn clothing and remove them from your consignment pile. G3 shoppers are looking for very gently used, current, clean, items!

You may use wire or plastic hangers, however, **wire hangers are preferred** because they do not break like plastic hangers.

How to Prepare Shirts

Shirts and tops must be hung on shirt hangers. If shirt is not secure on hanger, use safety pins.

How to Prepare Bottoms

Bottoms must be secured to the top of the hanger. Safety pinning bottoms to hangers is necessary when using wire hangers. Be sure to safety pin to the **TOP of the hanger**, not the bottom.

How to Prepare Outfits

1. Hang the shirt on the hanger first.

2. Then turn it over and pin the pants to the hanger (with front of pants facing outward).

3. Hangers must point to the left or look like a question mark.

4. Be sure to secure all buttons and zippers.

How to Prepare Shoes

Shoes should be in excellent, almost-new condition. Clean or polish shoes as appropriate.

A "Mr. Clean Magic Eraser®" is an excellent tool to make shoes look like new!

Please secure shoes together using a zip tie, laces, yarn or string looped through the buckles or closed straps. If necessary, pin the shoes together using a large safety pin.

Secure price tag to the shoes using a safety pin, string or zip tie.

Do not place shoes in plastic bags or boxes, unless there is no other way to secure them together.

Securing Tags

Use a safety pin to secure tags to Clothing. Make sure that the tag is on the **RIGHT** side.

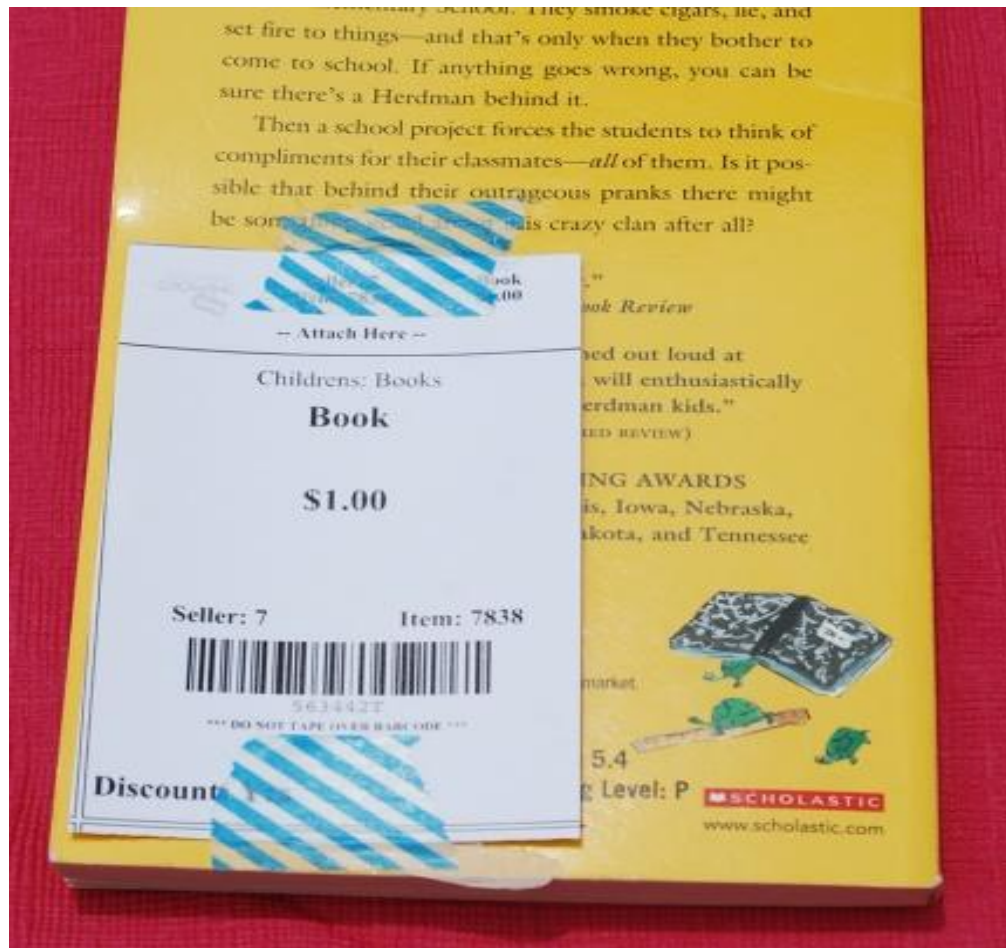

If you have a tagging gun, you may also use it to secure your tags. P:EASE be sure to **ONLY** tag through a seam or the shirts tag. Items that have been tagged in the middle of the garment will **NOT** be accepted as the tagging gun's needle will make visible holes in the garment.

Books and other Paper Covered Items

When securing tags to books, games, or any other items with paper/cardboard boxes & covers, please do NOT use clear packing tape. It will rip the paper. The best way to secure these items is with "blue" painters tape, as it comes off easy. Washi® decorative tapes also work well.

How to Prepare Items with Multiple Pieces

Place items with multiple pieces in baggies and then secure bag closed with packing tape, as shown below.

How to Tag Large Items

When you arrive at drop off, we will provide you with a "large item claim ticket" to affix your printed tag to. This is to insure the security of your item!

The image shows a large item claim ticket for a red jacket. The ticket is white with red and black text. It includes fields for Consignor # (1), Price, Discount? (Y/N), Description, Buyer Name, Buyer Phone, Date, Time, and Date to pickup. A prominent red instruction reads: "TO PURCHASE THIS ITEM COMPLETE BUYER INFO AND TAKE BOTTOM PORTION". Below this, it says "(This item is **SOLD** if bottom stub is taken)". A barcode is present, and the item number is 271440. A smaller tag is attached to the bottom, showing the item's details: "Children's Equipment", "excluder", "\$10.00", and "Discount: Yes".

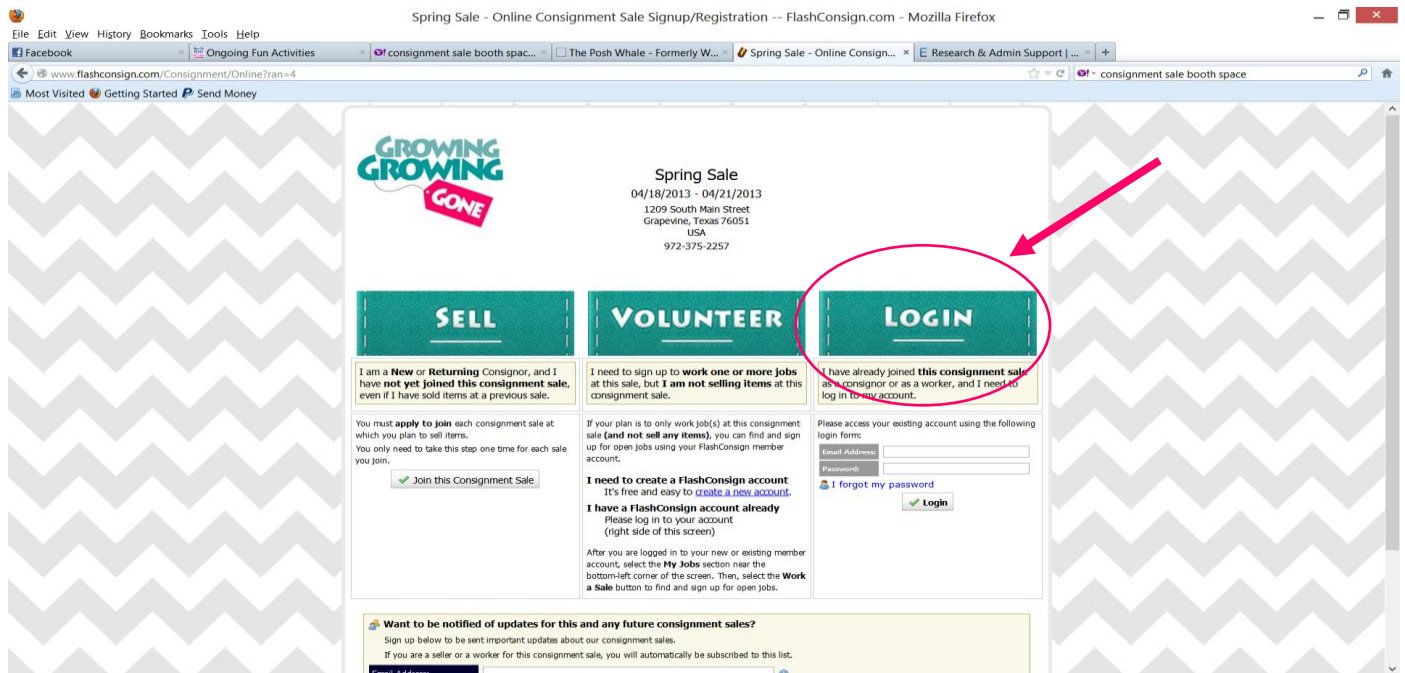

Smaller items, like the one below, do not require large item tickets. Just secure the tag with tape.

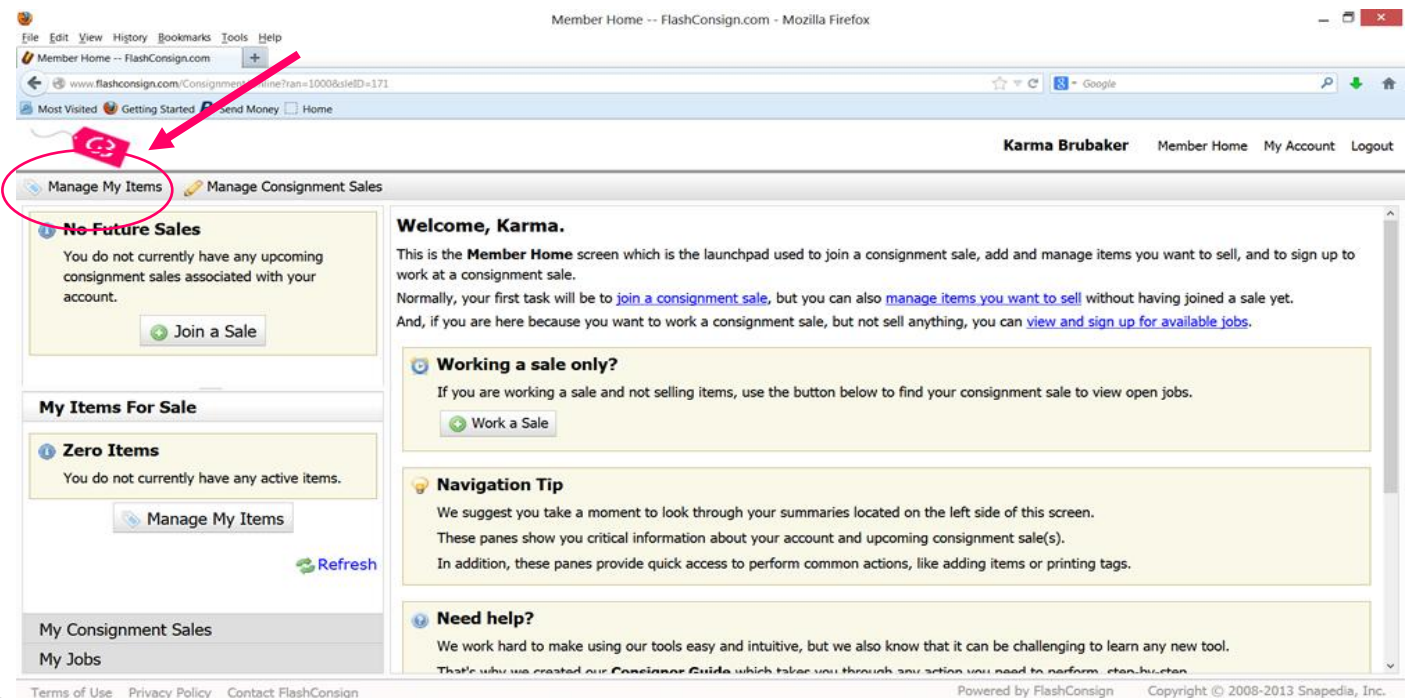

3. How to Enter Items into the Online Pricing and Tagging System and Print Tags

1. LOGIN to your Consignor Account at www.g3sale.com after you have registered for the sale.

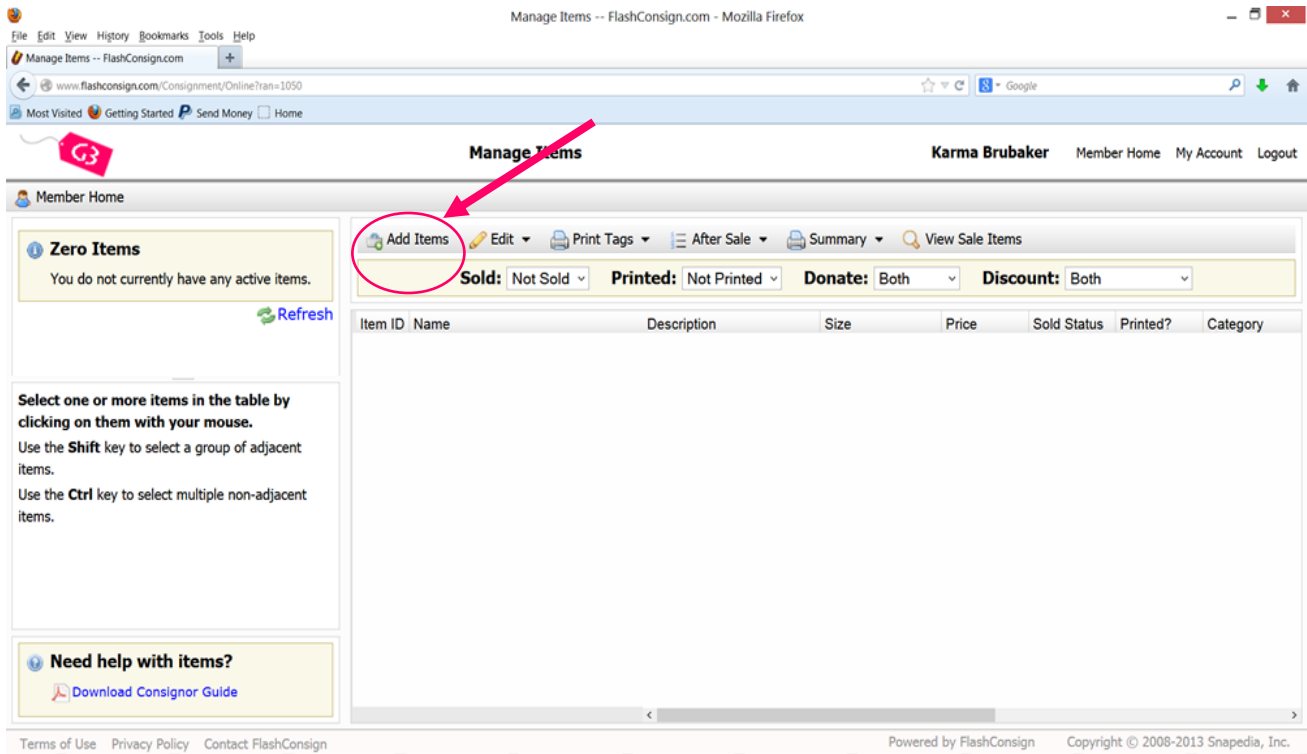

Note: If you have not registered with Growing Growing Gone, please register online first.

2. Click 'Manage My Items' on left.

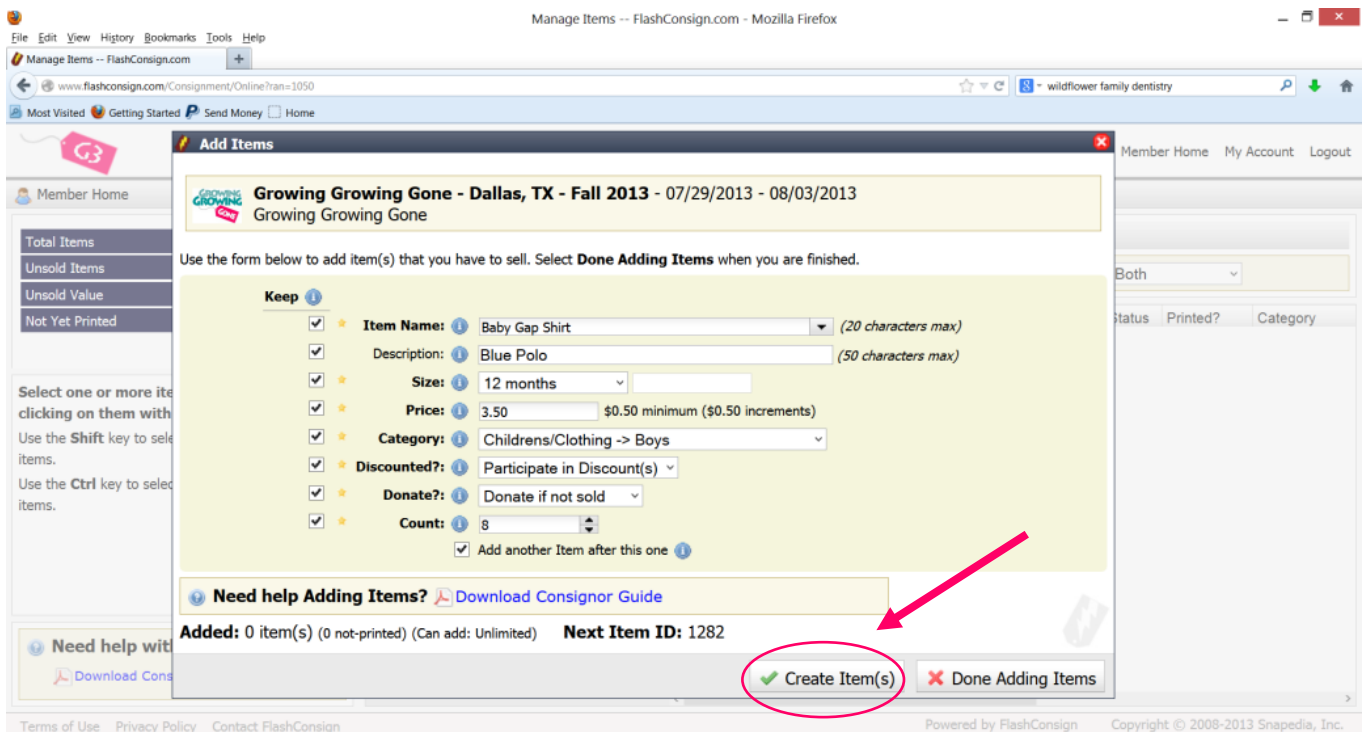

3. Click 'Add Items'.

4. Enter your Items in the System

Enter a brief name, short description, size, price, etc. Click 'Create Item' when done.

When you are finished entering your items, click **'Print Tags'**.

Item Drop Off at the Event

Growing Growing Gone is a full service consigning experience! We have streamlined the drop off process to make consigning as easy as possible for you! After you have worked hard to get your items prepped, let us do the rest of the work with our improved Drop & Go process!

1. Check in at Consignor Check-in
2. Bring your items in on provided carts & racks
3. Drop items off to be inspected at a Inspection station.
4. Assemble any large items that you may have.
5. **That's it!** No waiting for your clothing and small items to be inspected. Just drop your items off. We will inspect, and put your clothing and small items away for you! Any items that are not accepted will be returned to you at the end of the event during pick-up.

Selling at Multiple Growing Growing Gone Sales Events

We offer multiple DFW locations in order to get your items sold! We are happy to transport your items to the additional sale locations that we have during the current season. At drop off please indicate if you plan to leave your items to be sold at our next event or if you would like to pick them up at the end of that sale. If items are left after the designated pickup time, we will automatically load them on the truck to be taken to the next sale! Any leftover items not picked up at our last event of the season will then be donated if not picked up.

Item Pick Up Information

You will receive an updated list of items to collect when arriving for pick up. A Growing Growing Gone volunteer will check your box upon leaving and you will need to sign in and out when coming to pick up.

If items are left after the designated pickup time, we will automatically load them on the truck to be taken to the next sale! Any leftover items not picked up at our last event of the season will then be donated if not picked up.

Need More Information?

If you have any questions or need personal assistance, we are here to help. If you need to contact us for any reason, please **visit our contact page** at <http://www.g3sale.com> or message us on **Facebook** at <http://www.facebook.com/g3sale>

You can also watch our short **video tutorials** on item preparation, pricing, and tagging at <http://www.g3sale.com/sell/video-tutorials>

Thank You for Consigning with...
